ASRockind Technical Reference - Q&A

Question	Does Intel I219-V Network Adapter support Windows Server® 2016 or Windows Server® 2012 R2 OS? I install all drivers, but Intel I219-V Network Adapter still cannot be recognized by system.
Release date	2020/4/16
Product	All model
FAQ type	■ Specification ☐ OS & Driver ☐ Application ☐ BIOS/FW ☐ Others

Answer:

Intel I219-V Network Adapter supports the OS Microsoft® Windows® 10 / 8.1 / 8 / 7 64-bit & 32-bit and Windows® Server 2012, not include Windows Server® 2016 and Windows Server® 2012 R2.

Please visit the link to download the driver of supported OS.
